PRIMARY EXAMINER

REASONS FOR ALLOWANCE

1. This is an Examiner's statement of reasons for allowance. The closest prior art Barzilai et al U.S. Pat. No. 6,012,045 discloses a computer-based electronic bid auction and sale system.

JP 2002123706 A, Aggawal, Alok et al discloses a system for transacting production capacity by electronic network auction.

However, neither Barzilai nor Aggawal singularly or in combination discloses the recited feature:

As per claims 1, 31, 34 and 35 " adopting a formula for allocating the award amongst at least the first ranked bidder and the second ranked bidder, wherein a factor of the formula is an actual bid differential between a bid of the first ranked bidder and a bid of the second ranked bidder, and wherein application of the formula to bids of the first and second ranked bidders causes a first portion of the award allocated to the first ranked bidder to increase, and a second portion of the award allocated to the second ranked bidder to decrease as a magnitude of the actual bid differential increases, conducting the electronic auction, and allocating the award between at least the first and second ranked bidders in accordance with the formula and the bids of the first and second ranked bidders".
